## PROFILE SUMMARY

---

A passionate Informatics Engineering student from Multimedia Nusantara University with a deep interest in programming and software development. Proficient in multiple programming languages and experienced in tackling complex coding challenges. Possesses a strong grasp of algorithms, data structures, and software design principles. Always eager to explore new technologies and create effective, scalable, and innovative software solutions.

## EDUCATION

---

### Universitas Multimedia Nusantara

*Aug 2023 – Aug 2027 (Expected)*

*Bachelor of Informatics Engineering | GPA: 3.12 / 4.00 | Tangerang Selatan, Indonesia*

- Frontend Developer – Web Programming: Developed a web application using Laravel, focusing on front-end functionality and user interface improvements; achieved grade A.
- Backend Developer – Database Systems: Built and optimized database-driven systems; contributed to database structure design; achieved grade C+.
- Project Manager – Introduction to Internet Technology: Led a team in completing multiple web-based projects with effective coordination; achieved grade A.
- Project Manager – Software Engineering: Led a team in designing and developing a mobile application prototype using the Waterfall methodology; achieved grade A-.
- UI Designer – Human Computer Interaction (HCI): Collaborated in creating a mobile application visual concept; responsible for designing the Instagram feed section; achieved grade B+.

## WORK EXPERIENCE

---

### PT Folks Global Group

*Feb 2026 – Present*

*Fullstack Developer Intern | Indonesia*

- Developed a company profile website and admin dashboard to manage business operations and content.
- Built a fullstack application with user-facing frontend and an integrated admin panel for internal management.
- Implemented features for learning content and payment tracking, bridging manual WhatsApp-based workflows with a structured digital interface.
- Coordinated with stakeholders to understand business needs and translate them into functional web features.
- Contributed to improving operational efficiency by digitalizing content and service management through the admin system.

### Kiong Hee Misua

*Nov 2024 – Present*

*Waiter (Part-time) | Indonesia*

- Served incoming customers, took orders, delivered food, and handled payments.
- Consistently received positive feedback from customers for friendly and attentive service.
- Recognized by supervisor for high efficiency and excellent teamwork during peak hours.
- Improved table service speed and accuracy through better coordination with kitchen staff.
- Contributed to maintaining a clean and comfortable dining environment, enhancing overall customer satisfaction.

## PROJECTS

---
